**Leader(s)-(include contact information):**

*As the recorder of this Open Space discussion, please include in your notes:  
1 Key Points of the presentation and discussion-*

How do you work through the paradigm shift away from traditional modes of church?

How do we get lighter and less cumbersome?

It's not about size, but it's not about size.

Want our church to plant a church within the first five years.

We are very institutionally minded.

Lots of talk about the barriers.

We value longevity not the organic nature of the church.

What are we winning people to? The denomination? Relationships? Jesus?

What examples of successful churches are there in the U.S.?

How do you define success?

The institution shapes the ideas of success.

Do we de-charter a church?

Do we have these discussions? What's the dna of a church? How do we survive?

Cultural relevance of the church?

What voice does this church have to say to this community?

Not a real need to reach out.

Are we producing Spirit-led people?

How can we do something new if we keep doing the same things?

I can give them what they want, but can I give them what they need?

I don't want to wake up ten years from now and discover that I've just been maintaining.

What could happen that would burst the Kingdom forward?

Your ordination is your baptism.

For a lot of churches it has to do with removing things that God's not doing.

Champions are needed. Catalysts and mentors are needed.

## ***2 Recommendations and/or Resources arising from the discussion-***

We need mentors, champions, etc.

Apostolic worker program....go and be part of something new.

Could we cross-pollinate churches?

Evangelist?

Web of relationships.

## ***3 any Follow Up and/or "Next Steps"-***

Further conversations. Maybe a day or another time to gather to see if we can take this further.

## ***4 any Invitation to Take Action or Join in Follow Up Activities.***
